

# SEINE- Net Weight

*Optimized for efficiency, safety, and flexibility  
in the aquaculture industry*

## Product Advantages

### Gentle on the net

- Reduces the risk of escape

### Scalable and flexible

- Available in two segments: 83 kg and 253 kg
- Scalable up to a maximum weight of 830 kg and 10,120 kg respectively

### Material

- Weight in steel, encapsulated in rust-resistant and gentle polyurethane
- No steel elements in contact with the net

### Innovative design

- Certified polyester straps
- Certified forged steel plug with MBL of 4 tons and 72 tons
- Can be used as a single weight loop by snaring a roundsling through the center hole

### Other Advantages

- Reduces volume
- Increases reuse
- Minimizes HSE risk during handling
- Provides easy maintenance
